

**Petro Finance**

# **PETRO FINANCE** **VIRTUAL OIL WELL**

Join the most successful projects. To meet the growing worldwide demand for energy while preparing for the future.

# About Petro Finance

Petro Finance continues to build its capacity by making investment strides into other sectors through our sister companies. We currently have investments in Power, Upstream and Downstream oil and gas development, Agriculture, and Property Development.

The Company has a proven track record in the international trading of crude oil, gas and petroleum products. Petro Finance is an Indian indigenous energy company with specialty and services that span trading, marketing and distribution of crude oil & petroleum products, gas development and power generation. Petro Finance client base includes multinational oil companies, local service providers and industry peers. We have over the years developed strong and well-established relationships with Government, industry partners and the local communities we operate in.

# Focused, Active Management of Oil & Gas industry.

We provide unrivaled quality products and excellent services, leading the way with the latest innovations. To provide broad solutions to the oil & gas industry in the region, we have partnered with prominent global entities. We diversify our resources for each project according to their individual performance goals.

# BUSINESS GROWTH

“The best way to measure your investing success is not by whether you’re beating the market but by whether you’ve put in place a financial plan and a behavioral discipline that are likely to get you where you want to go.”

Benjamin Graham

## Petro Finance Company Growth

The Company has a proven track record in the international trading of crude oil, gas and petroleum products. We have been marketing crude since 1996 and currently market 30,000 barrels per day. Over the years, Petro Finance has traded close to 50 million barrels of crude oil.

---

“In the short run, the market is a voting machine. In the long run, it is a weighing machine.”

---

## Our Strategy Goals and objective

With the utmost precision and integrity, we assess and analyze in depth all aspects of all projects in order to ensure their success. Petro Finance continues to build its capacity by making investment strides into other sectors through our sister companies. We currently have investments in Power, Upstream and Downstream oil and gas development, Agriculture, and Property Development.
